The Bolin Centre is a multi-disciplinary consortium of over 400 scientists in Sweden that conducts research and graduate education related to the Earth’s climate.

The Bolin Days 2021 - Welcome to register!

Register for the Bolin Days 2021 here »

The Bolin Days is our annual internal conference for and by our Bolin Centre members. During these days, new climate science results are presented and we meet each other to exchange ideas, share our experiences and find new inspiration. We welcome you to take part in a set of cross-disciplinary sessions organized by our Research Area leaders. You have the opportunity to meet our External Science Advisory Group, there will be a poster exhibition and as usual, a poster competition for PhD students. We start both days with a lunch at 11h00. The Bolin Days ends with a dinner in Aula Magna’s Gallery on day two, followed by a pub and a Ceilidh in Geovetenskapens hus.

Hybrid event
The Bolin Days this year will take place in Aula Magna and Geovetenskapens hus, Stockholm University, and via Zoom.

Call for posters and PICO presentations
The Bolin Days 2021 will have its traditional poster exhibition, this year in Geovetenskapens hus. The deadline for submission of poster and PICO presentations is 15 November. Instructions are found here »

The program for the Bolin Days is under development, and the full program will be available on the Bolin Centre website at a later stage.

Welcome!

Preparations in Kulturhuset Stadsteatern and the COP26 hub

The UN Climate Change Conference COP26 is being held in Glasgow from October 31 to November 12. The ambitions of this conference are for world leaders to negotiate emissions reductions targets that will limit global warming to 1.5 degrees, measures to protect communities and natural habitats adversely affected by climate damage, mobilization of climate finance and the rulebook needed to make the Paris Agreement operational.
In a partnership with Kulturhuset and the International Cryosphere Climate Initiative (ICCI), we have set up a COP26 hub on the ground floor of Kulturhuset Stadsteatern, Sergels torg, which will be open throughout the conference. On location visitors get the chance to drop in and ask climate-related questions to Bolin Centre members and to see a photo exhibition. Throughout the conference, we will livestream from ICCI’s cryosphere pavilion in Glasgow.

Each day will have a daily host in Kulturhuset - Alasdair Skelton, Nina Kirchner and Gustaf Hugelius. Ingeborg Pay at ICCI will also join.

If you are interested to take part in the COP26 hub, please contact Alasdair Skelton, Magnus Atterfors or Laila Islamovic.
